

**CITY OF COLUMBIA
POOL PERMIT APPLICATION
GUIDELINES & INSTRUCTIONS**

What are the Pool Permit Application Requirements?

The items listed below must be submitted to the Building & Zoning Office. All swimming pools constructed in the Columbia City limits are required to have an approved Swimming Pool Permit issued prior to construction.

Pool Permit Application Requirements Check List

Applications will not be accepted unless all of the following have been submitted.

► **Submit the following completed applications/forms & site plans to the Building & Zoning Office:**

- Swimming Pool Permit Application** (MUST include electrical contractor information)
- Construction Documents** (this includes the pool specs.)
- Site Plan** (To comply with Section 15.04.032 (F) of the City Municipal Code – attached.)
- Erosion Control Plan**
- Home Owner Association (HOA) / Developer Submittal:** If applicable, include written submittal. City approval does not constitute subdivision approval. Property Owner/Permit Holder is responsible for compliance with subdivision covenants and restrictions for swimming pool restrictions and installation. Contact subdivision Trustees/Developer for any requirements.

- I have submitted ALL of the above information in its entirety and have ensured all the proper requested signatures have been added. I understand that if I have not, my application will not begin the review process and will be returned to me via mail at the address provided.**

Review Process

- ▶ After submitting all completed forms and required documents, the proposed project is:
 - Reviewed by the building official for zoning compliance so that the location of the structure is within the setback regulations for your property;
 - Reviewed by plan reviewers who will verify proper materials are used and that the City of Columbia Building Codes are enforced.
- ▶ If all requirements are met, permit is approved.
- ▶ Applicant will be informed by City staff of permit status. If approved, you can pick up the approved permit upon fee payment at the City Clerk's Office.
- ▶ Construction may begin.

IMPORTANT REMINDERS

Storm Water and Soil Erosion Control Regulations – According to the City of Columbia Ordinance No. 1320, the amount of soil erosion must be kept to a minimum. A detailed erosion control plan shall be submitted with the site/construction plans.

Burning Ordinance – According to the City of Columbia Ordinance No. 1775, the City prohibits the burning of building construction debris, materials, or other substances created by the construction of buildings or other structures. Failure to comply could result in the issuing of a “stop work” order and/or fines.

Water & Sewer Tap – In – Water & Sewer tap-ins must be inspected BEFORE closing excavations.

__Information below for Residential Building Permits__

***Subdivision Approvals** – City approval does not constitute subdivision approval.

The City recommends you contact trustees in your subdivision for any subdivision requirements.

Construction Materials – If using vinyl siding, minimum thickness of siding must be .046 inch. Roof sheathing must be minimum ½” 5-ply fir plywood with sheathing clips or 5/8” Zip roof sheathing. Must use approved truss connections.

Premise Identification – All premises are to have the proper street number identification, four (4) inches high, easily visible from the street.

Radon Resistant Construction – Radon resistant construction standards are required to be met on all new residential construction. See City of Columbia Ordinance No. 311 and the Illinois Administrative Code – Section 422.169 (Mitigation Standard for New Residential Construction).

How much is the Building Permit fee?

The fee amount is determined by the square footage of project, water & sewer connection costs, etc. (A current fee schedule can be found on the City's website under Government – Departments & Services – Building & Zoning – Building Permits.) Once the Building Permit has been approved, City staff will call to let you know the Permit is ready to be picked up and will also inform you of the total fee amount due.

What inspections are required, once the building process begins?

Below is the inspection schedule required by the City of Columbia during the building process. Please call the phone numbers listed to schedule the inspections. **Project Manager and/or Building Permit Holder will be required to be at every inspection listed below.**

NOTE: The number of inspections is to be determined upon review of application

Inspection Schedule			
	Type of Inspection	Contact	Phone #
1.	Footing – Inspection to be scheduled before footing for building is completed.	Building & Zoning Office (618) 281-7144 x 105	
2.	* Electrical (rough-in and service entrance) – Inspection needed for rough-in of electrical wiring before inside walls are insulated/ covered.		
3.	Sidewalk Inspection – must be approved prior to pour.		
4.	Electrical Final Inspection		
5.	Final Building Inspection		

* **Electrical** – Ameren IP and Monroe County Electric Co-Operative will not approve until a rough-in electrical inspection is completed.
